

KENNETH J. MAVERICK, MD

Dr. Maverick is a fifth generation native of San Antonio, having returned home after many years of Ophthalmology, Corneal and Refractive Surgery training. He is board certified by the American Academy of Ophthalmology and is a national leader in advanced intraocular lenses, corneal transplantation, and refractive surgery.

Dr. Maverick is the Medical Director of the The San Antonio Eye Bank, known to be one of the premier eye banks in the country. Along with the eye bank, Focal Point Vision developed the area's first Autologous Serum Tear therapy program in the area for severe dry eye. Dr. Maverick pioneered posterior lamellar corneal surgery in San Antonio and South Texas, as well as ICLs (intraocular contact lenses). He performed the first DSEK, DSAEK, DMEK, ICL and Laser Cataract surgeries in San Antonio and South Texas and continues to lead the advancement all of these technologies. Focal Point Vision offers every kind of corneal transplantation and intraocular lens implantation available.

Year after year, Dr. Maverick is named Best Ophthalmologist in San Antonio, Texas and the United States by both consumer research and peer review organizations. He authored the American Academy of Ophthalmology's Refractive Surgery chapter of the Eye Care Skills software, the primary source of content for teaching other physicians advanced technologies in refractive surgery.

Dr. Maverick graduated with honors from Alamo Heights High School then attended the University of Notre Dame where he graduated Cum Laude with a Bachelor of Arts degree in Economics and a Bachelor of Science degree in Professional Sciences. While at Notre Dame he also acted as Sports Director and broadcaster for Notre Dame Football. He graduated from The University of Texas Medical School in Houston then fulfilled a medical internship at St. John's Mercy Medical Center in Saint Louis. He completed his Ophthalmology Residency at Washington University in St. Louis and stayed for a Corneal and Refractive Surgery Fellowship.

The physicians at Focal Point Vision make it their mission to provide the highest level of vision restoration using the most advanced technologies in a compassionate and ethical way. They are committed to "patients first" and to remain at the pinnacle of eye care for the entire region.
